

CAPTURED BRITISH CAPTAIN SHOT BY GERMANS

POLICE CAPTURE MAN WANTED FOR MANY OFFENSES

Arrested Filipino Admits Entering Ten Houses and Will Tell More Later

MUCH BOOTY FOUND WHEN MAN IS CAUGHT

Suspect Prisoner is Man Who Wounded Priest When Caught in Chapel

The most extensive burglary campaign ever conducted individually in Honolulu was probably effectively checked last night by Capt. Arthur McDuffie by the arrest of Emenicio de la Cruz, a Filipino escaped convict, who admits 10 recent robberies say he will tell of more "when he has time to think a little."

Not only has McDuffie finally caught, after weeks of diligent searching, a fall-breaker and a burglar but the captain believes from Cruz's testimony that he is the Filipino who attempted to murder Iaro Kawasaka in the Japanese temple on King street near Beretania's junction July 15, when the latter surprised a burglar and captured him.

Cruz was arrested last night by a squad consisting of Capt. McDuffie, Sergeant Kallat, Detective Clerk Hutton and Detectives Silva and Ocampo who tracked him to his hiding place on Nuuanu street between Kukui and Beretania streets and took him after a struggle. Cruz tried to reach his pistol under a pillow but McDuffie's gun "hovered" him too quickly.

Several articles stolen by Cruz were found in his room, including valuable watches, money, razors, clothes, knives, keys and a bicycle. A coat and a razor taken from the home of A. Misumi, a Hawaii Shipco reporter, July 26, are two of the recovered articles. Cruz was wearing the coat when cross-examined by McDuffie this morning, the razor was in the pocket.

For first degree burglary, a short time later he escaped, was caught upon information furnished by McDuffie, and returned to jail. May 19, this year, he escaped again, this time from the Moiliili quarry, and had been at large until last night. McDuffie has thought for some time that the escaped convict was responsible for successive robberies but was unable to snare him.

Cruz has followed peculiar tactics in most of his burglaries and attempted robberies. He left something behind at nearly every place entered, and usually something that had been previously stolen from another place. For instance, he left a butcher knife, thought to have been the one which cut the Japanese priest, in a house nearby where a pair of shoes was stolen; at another place a bunch of keys, taken some time before, was left behind and at still another home he left a suit of clothes.

The wholesale burglar talked quite frankly to McDuffie this morning, telling of robberies he remembered. He promised to divulge more. Those admitted by Cruz, and property recovered in each, the following:

Takaka's residence, Moiliili, May 24, watch and chain, spectacles and clothing taken. Watch said to be pawned at Punolo.

Attempted burglary, 838 North King street, Ah Lin residence, June 1.

K. Uyeda home, Vineyard street, June 6, keys, watch, chain and purse stolen—recovered.

K. Purys residence, Banyan road, Palama, June 7, clothing—not found.

William Marshall home, Campbell and Marika avenues, June 16, Kapahulu. Revolver and cartridges stolen—recovered.

T. Tanaka, 1960 Beretania street, June 24, Eikon watch taken—found.

K. Kono, 240 Kuahiki street, July 13, Purse and shoes taken—found.

A. Misumi, King street, opposite Palama fire station, July 26. Coat and razor taken—recovered.

McDuffie believes Cruz burglarized some home or tried to, practically every day since his escape from prison. In every instance the robbery was made at night and quite often while residents were in the homes. Cruz seemed to have no fear and stole indiscriminately. He will be arraigned in police court probably next week.

BANKERS' TAX GOES DELINQUENT MONDAY; MOST HAVE PAID UP

Monday is the last day on which Honolulu and other banks on the islands can pay the special bank tax imposed by the treasury department, and collected by the U. S. internal revenue office here, Collector John F. Haley announces today.

This tax is based on capital, surplus and undivided profits at the rate of \$1 for every \$1000. Although a large percentage of banks in the territory have already paid the tax, some are still outstanding and must be paid on or before July 31 or go delinquent. Fifty per cent is added after that date and delinquent banks are subject to prosecution.

25 DEATHS, TOTAL OF GREAT HEAT WAVE IN STATES

Chicago's Mark Sets New Record; Men in Mills Forced To Quit Work

(Associated Press by Federal Wireless)

CHICAGO, Ill., July 28.—The great heat wave of the Middle West and East, the worst since 1901, continues unabated today. With dry, scorching winds—when any winds are blowing—and almost cloudless skies from which the sun pours down, no relief was given the suffering crowds today.

The hottest cities in the country are Chicago, Milwaukee and St. Louis.

Twenty-five deaths from heat have been recorded.

Chicago is hotter than ever before recorded. At midnight last night the temperature was 90 degrees. In the rolling mills and iron works the heat was so terrific that even the hardened employees could not endure it and refused to work.

PANAMA CANAL RUNS AT LOSS, FIGURES SHOW

(Associated Press by Federal Wireless)

WASHINGTON, D. C., July 28.—According to figures made public today, the Panama Canal is running at a loss. The tolls for the year ending in May were \$4,286,551 less than expenses. For the month of May the tolls amounted to \$368,023.

VILLISTAS ARE GIVEN FREEDOM

(Associated Press by Federal Wireless)

MEXICO CITY, Mex., July 28.—Gen. Planck, a Carranza leader, has captured 500 Villistas at Zacatecas, it is announced. All of them were given amnesty on promise to become loyal to Carranza.

CAPERTON SUCCEEDS TO PACIFIC FLEET COMMAND

(Associated Press by Federal Wireless)

SAN DIEGO, Cal., July 28.—Admiral William B. Caperton today succeeded Admiral Cameron McR. Winslow as commander-in-chief of the Pacific fleet.

After several weeks' illness Traffic Officer John Hills is able to be around again. He expects to return to duty shortly.

ADMIRAL C. J. BOUSH'S SUCCESSOR HERE NAMED

Captain George R. Clark, Daniels Man, Selected as Commandant of Naval Station—Prominent in Navy Educational Work.

WASHINGTON, D. C., July 28.—Capt. G. R. Clark has been designated as commandant of the naval station, Honolulu, succeeding Admiral Clifford J. Boush. Capt. Clark for the past year has been a member of the naval retiring and examining board. He was previously aide to Secretary Daniels for education, and had charge of all the naval educational work conducted by Mr. Daniels.

C. S. ALBERT.

Capt. George R. Clark has to his credit a distinguished career as a United States naval officer. He is 59 years of age, graduated from the U. S. Naval Academy in 1878 and has nearly three years left for active service before retiring for age. He has seen service in the Atlantic, Pacific, Mediterranean and China squadrons; took part in the Spanish-American war, Philippine insurrection and Boxer rebellion, is a member of several military orders and an author of note upon naval subjects. His present home is in Washington.

"Capt. Clark is a fine officer and a man of a delightful personality," said Admiral Boush this morning, when over the telephone to Pearl Harbor the Star-Bulletin informed him of the selection of his successor. "I know him very well and he is highly regarded."

Capt. Clark has a wife and one daughter. It is expected the family will come here soon. Admiral Boush retires for age on August 13. Much regret is expressed among Honoluluans at the retirement of the admiral.

FILE PLANS FOR EXTENDING ROAD TO FORT SHAFTER

Rapid Transit Makes No Further Announcement of Extensions Following Meeting

IMPROVEMENTS WILL FOLLOW STOCK ISSUE

Extension of the lines of the Honolulu Rapid Transit & Land Company to Fort Shafter will be made as soon as the plans, filed this morning, are approved by the superintendent of public works, according to C. G. Ballyntyne, general manager of the company.

Other extensions and improvements are "up in the air." Double tracking of King street, voted at a meeting of the directors early this year, and double tracking of Kalakaua avenue and removal of the tracks to the center of the roadway will be started soon but just when or how has not yet been determined, according to Mr. Ballyntyne. Worn rails are to be replaced throughout the system also.

"No plans have been formulated. We are going to make improvements, but that is about all that we know," said the manager. "The King street extension, to the top of the hill just beyond Shafter, has been planned for some time and would have been made regardless of the outcome of the case of the territory against us."

"Other improvements will be made as the result of the release of capital by the outcome of the suit, but nothing definite has been done in the matter."

Stockholders of the Honolulu Rapid Transit & Land Company will be called upon to determine whether the company shall increase its capital stock by the issuing of \$392,500 and whether the same or any part thereof shall be issued as paid up, non-assessable stock to stockholders pro rata for amounts actually invested in the plant of the company in excess of outstanding issued stock. This will be done at a meeting to be held in Room 609 Stangenwald building, August 5, at 9 a. m.

At the meeting of directors held yesterday afternoon the following resolution was passed:

Voted that the directors recommend to the stockholders to increase the capital stock to \$1,600,000 by the issuing of \$392,500 of paid up, non-assessable stock pro rata to the stockholders to cover in part amounts actually invested in the plant of the company in excess of outstanding issued stock, to issue to its stockholders under the decision of the supreme court of the Territory of Hawaii; and that the same be proportionally distributed, as provided.

NEW NAVY MAKES ITS APPEARANCE TUESDAY

The largest ocean-going battle fleet in the world! That is what could be said of the thirty-five submarines and forty cruisers to be launched next Tuesday by the Star-Bulletin and which will set out immediately on a voyage that every one of our readers will follow with intense interest.

It is no easy task to build, equip, provision and man seventy-five war vessels, especially when only a few days are allowed in which to do it. But in this case it was done, and done thoroughly, and when this mighty armada sails forth majestically next Tuesday no effort will have been spared to make it the strongest and most formidable aggregation of sea-fighters ever assembled under one flag. As you gaze upon it next Tuesday you'll realize how meager and inadequate is our description.

This fleet is capable of putting up a terrible battle, as an enemy would soon find out. But its prime purpose is not one of war but one of peace, and the message it will carry should bring pleasure and fun to every family circle in Hawaii.

Watch for news of the launching of this fleet next Tuesday. Then keep yourself informed regarding its every move. For each maneuver it makes spells opportunity to every doctor, stenographer, lawyer, school boy, housekeeper, drayman, merchant and sales girl in Honolulu.

Coke, Resigning, Clears Way For Naming to Bench

Rumor Territorial Senator Will Succeed Judge Stuart Is Strengthened by Latest Development

Definite indications that Senator James L. Coke of Honolulu will be appointed third circuit judge to succeed Thomas B. Stuart of letter-writing fame, developed today. Coke handed to Governor Pinkham his resignation as territorial senator and the governor immediately accepted it. In accepting the letter, the governor expressed his appreciation of the senator's public services.

The formalities were as follows:

Letter of Resignation.

Honolulu, July 28, 1916.

Hon. Lucius E. Pinkham,

Governor of the Territory of Hawaii.

My Dear Governor: I hereby resign as a member of the senate representing the Third Senatorial District in the legislature of the Territory of Hawaii. This resignation to take effect upon the date hereof.

I have the honor to remain,

Very respectfully yours,

JAMES L. COKE.

Governor's Acceptance.

Executive Chamber,

Honolulu, July 28, 1916.

Honorable James L. Coke, Honolulu,

T. H.

My Dear Senator: I am in receipt of your favor of this date resigning from your membership of the territorial senate representing the Third Senatorial District in the legislature of the Territory of Hawaii. In accordance with Section 31 of the Organic Act, I accept your resignation.

I beg to note my sincere appreciation of your public services.

Very sincerely,

LUCIUS E. PINKHAM,

Governor of Hawaii.

Whether his status as a senator would deprive him from appointment as judge during his senatorial term is a question raised concerning Coke as a judicial possibility. Under the Organic Act members of the legislature are ineligible to certain appointments. The exact status has never been settled. This resignation, therefore, is believed to clear the way, and it is a matter of common rumor that Coke is likely to be recommended to the president by the attorney general.

In practical effect, there are only 90 days remaining of Coke's four-year term and there is no prospect of an extra session, so that he is considered to have discharged his duties as a senator fully. If a special legislative session should be called after the November election at which his successor is chosen, the newly-elected man would qualify for the session.

GERMAN TROOPS COUNTER EVERY ALLIED ATTACK

Official Cablegrams Do Not Admit Serious Reverses On Any Front

German counter-attacks are stopping most of the enemy gains both on east and west fronts, say the official German cablegrams for the past two days.

A feature of today's news is the mention of fighting between the Allies and the Bulgarians. Some weeks ago an Allied offensive from Saloniki and the northern camps was predicted.

The cablegrams say: "GERMAN HEADQUARTERS, July 27.—Between Ancre and Somme, up to the night hours, strong artillery duels took place. Enemy hand grenade attack west of Pozieres were repulsed. A French attack northeast of Barleux, failed. In the districts of Froideferre and Fleury, several strong French attacks were repulsed. In one place the combat is still going on.

"Strong British reconnoitering detachments southwest of Waretton and patrols near Richebourg, were repulsed. French attacks in Coupesmain, north Viennel and Chateau, failed. German patrols near Ville au Bois and Arom captured French positions northeast of Prunay, brought in 50 prisoners.

"A French biplane was shot down in an air-combat near Beine, east of Rheims.

"East front, Russians attacked without success our positions on Shushara, northwest of Lyachoytshy. Likewise, west of Berestecko, the Russians were bloodily repulsed. Advance posts engagement on the Kamaiska, south of Vidsy, resulted in heavy enemy losses. Besides these, there were no incidents of importance."

Today's Report

"GERMAN HEADQUARTERS, July 28.—Western war theater: A German patrol in the district of Neuve-chapelle advanced and brought in two machine guns together with 30 prisoners, among whom were three officers.

"North of Somme, the English in-

NAVAL COURT DECREE MAY BE FOLLOWED BY AVENGING DEEDS

SKIPPER FRYATT SAID TO HAVE TRIED TO RAM SUBMARINE WITH HIS SHIP—CASE IS UNIQUE—LAND FIGHTING SHOWS FEW DEVELOPMENTS BUT SERBIAN OFFENSIVE AGAINST BULGARIA

Adjudged guilty of the crime of "franc-tirism" on the seas, a British merchant steamer captain, Charles Fryatt, has been shot to death by German military authorities.

The news came to the Star-Bulletin today among the official German cablegrams with war-news. A "franc-tireur" is a sharpshooter or guerrilla, the term being French, and during the present war has been applied to the "snipers." So far as is known, the execution of Fryatt is the first instance where the doctrine of execution for "franc-tireurs" has been extended to the sea.

Associated Press despatches confirm the German announcement and indicate also that the Allied countries are aroused by the occurrence and threaten retaliation.

OFFICIAL GERMAN CABLEGRAM.

BRUGGE, WEST FLANDERS, Belgium, July 27.—Proceedings have been held of the field court of the navy corps against Captain Charles Fryatt of the English steamer Bruzzels, which was brought in as a prize a few days ago.

Fryatt has been sentenced to death because, although not belonging to the armed forces, on March 28, near Maas fire-ship he tried to ram a German submarine, the U-33.

Fryatt and the first officer and first engineer received from the British admiralty golden watches for "brave conduct" and were mentioned in the House of Commons.

The U-33 had signalled to the British steamer to show her flag and stop but Captain Fryatt did not heed the signal. He turned at high speed towards the submarine, which escaped only by diving immediately some meters under the surface. Fryatt admitted that he had followed the instructions of the British admiralty.

The sentence was confirmed and Fryatt was executed for the franc-tireur crime against the armed German sea-forces.

Feeling Stirred Among Entente Group

(Associated Press Service by Federal Wireless)

WASHINGTON, D. C., July 28.—The news of Captain Fryatt's execution received here today, has stirred up much feeling among diplomatic and other quarters connected with the Allied powers.

The execution is regarded as a violation of international law, and diplomats, while declining to be quoted, made it plain that the deed is likely to result in retaliatory measures against the Germans.

British Troops Clear Delville Wood

LONDON, Eng., July 28.—The British today made a sweeping attack on Delville wood, west front, and captured it. To take the wood, which was defended stoutly, they had to dislodge the fighting Brandenburg division, but this was driven out by their charges.

Russians Launched on Western Front

PARIS, France, July 28.—Despatches received here say that the Russians have penetrated the German trenches near Aubervie, on the west line, and cleared them with hand-grenade attacks. These are among the first Russians to be used on the west of those landed at Marseilles. The Russians took some prisoners.

The French infantry repulsed German attacks near Lihons. On the right of the Meuse French artillery stopped preparations for an attack on the Thiaumont works.

In the Balkan arena, say despatches today from Saloniki, the Serbians began an offensive against the Bulgarians in Macedonia. The Serbians occupied a series of heights, which the Bulgarians are endeavoring to regain by counter-attacks.

PETROGRAD, Russia, July 28.—In Volhynia, Galicia, and other sectors on the east front, the Russians today continued their advance, winning ground in the region of the rivers Slonevka and Boldarovka. The Russian Caucasian army is also advancing.

U. S. Plan to Aid Poland Advancing

WASHINGTON, D. C., July 28.—Ambassador Penfield has cabled from Vienna that he has been given assurances by Austria that this government favors the appeal of President Wilson for American relief for Poland and for an agreement among the belligerents that the way be cleared for the distribution of relief supplies.

Ambassador Walter H. Page has cabled from London that Britain is willing that there shall be in Poland a duplication of the plan of relief distribution in Belgium under the Hoover commission, providing the Teutons will guarantee not to remove products of the occupied territory when the outside supplies begin to come in.

DEUTSCHLAND BELIEVED AWAITING THE BREMEN

Canadian Official Punctures Rumor Second Submarine Captured and Taken to Halifax By British Boats

BALTIMORE, Maryland, July 28.—It is rumored here that the submarine Deutschland will make no attempt to depart until the sister-vessel Bremen has been officially reported.

ST. JOHN, N. B., July 28.—The minister of marine and fisheries made authoritative denial today of the rumor that the Bremen had been captured by British patrolling vessels and taken secretly to Halifax.

Increased their fire to its highest strength. During the afternoon followed strong attacks which broke down near Pozieres, several times in the Pourceaux forest and southeast of it, before German positions. In Longueval and Delville forests there is hand to hand fighting, but no enemy successes.

"South of Somme, artillery duels continue on both sides, very active. Otherwise, the only advances of hostile hand grenade troops are near Soyecourt, later repulsed. East of Meuse, French enterprises against works in Thiaumont failed.

"Eastern war theater, Hindenburg's army front: The situation is generally unchanged. Russians renewed attacks against Prince Leopold's Bavarian army group. They attacked six times in vain since yesterday afternoon on the fronts of Skrobnov, Vygodn, and east Gerdolishah with two army corps. Further attacks are going on. Attacking waves (Continued on page 12)
